

ASSAM ELECTRICITY REGULATORY COMMISSION

FILE NO. AERC.

PETITION NO. _____

ORDER SHEET

22.11.2007

The Assam Electricity Regulatory Commission passed Tariff Order for FY 2007-08 on 12.09.2007. The order came into effect from 20.09.2007.

The Commission has subsequently issued an order on 26th October, 2007 as per direction of Hon'ble Appellate Tribunal for Electricity contained its order dated 18.09.2007 in Appeal No. 264/2006. In this order, 'prior period' adjustments to the tune of Rs. 12.57 Cr for 2004-05 is allowed to be effective after due approval of the CAG in the Audited Statement of Accounts for FY 2005-06. As the said Audited Statement of Accounts for FY 2005-06 has not been submitted by ASEB and its successor entities, the prior period adjustment of 2004-05 as a fallout of Commission order of truing up of Tariff Order for 2004-05 dated 26th October, 2007 for an amount of Rs. 12.57 has not been allowed pending submission of the statement. Accordingly, the statement of Past Period Fuel and Power Purchase Adjustment in the Tariff Order for ASEB for FY 2007-08 need to be revised. Hence, the statement of Past Period Fuel and Power Purchase Adjustment is revised to Rs. 219.86 Cr. The Commission granted an amount of Rs. 72.07 Cr for FY 2007-08 to be recovered as past period adjustment and the balance amount after prudent check and adjustment with performance will be adjusted in the subsequent years of control period (2008-09 and 2009-10). Necessary corrigendum in the Tariff Order for ASEB for 2007-08 be issued accordingly in Chapter - 6 at pages 174-175.

Further, on scrutiny, it was found that there was error in the Table for Wheeling Charge in the Chapter - 8 on Principles of Tariff Design at page 227 of the Tariff Order FY 2007-08. The figures of Wheeling Charge in Rs/kwh for the Discoms should be 0.79 for LAEDCL, 1.06 for CAEDCL and 0.73 for UAEDCL and for all Discoms 0.84. Necessary corrigendum in the Chapter be issued accordingly.
