NO. AERC. 184/2005/445      Dated Guwahati the 2nd January, 2008

**NOTICE**

(Provision of previous publication under Sub-Section 3 of Section 181 of  
The Electricity Act, 2003)

Sub :    Amendment of Assam Electricity Regulatory Commission (Electricity Supply Code and Related Matters) Regulations, 2004 (First Amendment) 2007.

The Assam Electricity Regulatory Commission decided on 30.07.2007 to extend the following concession to the domestic category of consumers :-

In case of Domestic category of consumers, the higher rating of only one equipment shall be considered for determination of connected load if both Geyser and Air-Conditioner (without heater) are installed and used for domestic purpose only.

The Commission, in exercise of its inherent power, has given effect to the above provision in the Tariff Order for 2007-08 issued on September 12, 2007.

Now, AERC has decided to include the above mentioned provision in the AERC (Electricity Supply Code and Related Matters) Regulations, 2004 (First Amendment) 2007 (notified in the Official Gazette of Assam Government on 13th June, 2007) by way of incorporating the same in Appendix 2 : Determination of Connected Load.

Further, Clause 5.1, as appeared under Appendix 2 : Determination of Connected Load in the AERC (Electricity Supply Code and Related Matters) Regulations, 2004 (First Amendment) 2007, is to be replaced by Clause 5.4 and the word Assed, as appeared at Note : 1 of the Appendix 2, is to be replaced by the word Assessed.

Amendments of Appendix 2 : Determination of Connected Load as proposed above and enclosed are placed in the official website of the Commission [www.aerc.gov.in](http://www.aerc.gov.in) in "Regulations" Page for a period of 21 (twenty one) days as previous publication under sub-section (3) of Section 181 of the Electricity Act, 2003 for comments / objection, suggestion from any person who is likely to be affected by the provision of this regulation. If no comments received within 21 days the Regulations will be sent for final publication.

Enclo:- Proposed amendment of Appendix 2 : Determination of Connected Load

By order of the Commission
